Mrs. Effa Manley
55 Somerset Street
Newark, New Jersey

Dear Effa:

If the Motor Vehicles Department grants you permission to transport these blind people, you should have them all sign a waiver of responsibility or a general release.

As this is a charity matter, I shall be glad to draw up the necessary papers and give instructions for their signatures without fee or charge.

I advise you however, not to notify your Insurance Company as this would create a lot of questions and investigation.

Phone or stop by the office when you are ready.

Sincerely yours,

Mercer
